Our 2010 New Year Resolutions

My 2010 new year's resolution is to save money. I want to do this so that I can buy a new video game. I will be able to buy a new video game if I save money.

~Anthony Brown, Grade 5

My 2010 new year's resolution is for Jae, Alix, Yolania and me to do good in school. All of us need to work together and bring our grades up. I'll make sure to read, listen to the teacher and do my work.

~Frank Harris-Walker, Grade 5

My 2010 new year's resolution is to be happy with anything and I'll try and keep it by trying hard to get mad easily and by being nice.

~Jareth Ovando, Grade 3

My 2010 new year's resolution is to be good at multiplication. Why is this my new year's resolution? Because I want to be very good at it. How do I plan so it can happen? By always practicing every week.

~Isabelle Augustine, Grade 3

My 2010 new year's resolution is to get my grade up. I'm going to do this by studying.

~Angel Castro, Grade 4

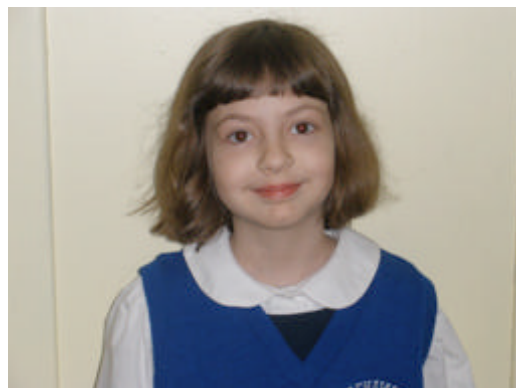

My 2010 new year's resolution is to win an award. To win an award I have to get good grades and be good in class.

~Leilany Martinez, Grade 2

Get to know a little more about our new classmate:

Collette Dionne

Hello! I am Collette and I live in Peabody. I am 9 years old and my favorite color is pink. My hair color is brown and my eye color is brown. My favorite sport is softball.

Sports

Soccer

By: Mike Rothwell, Grade 4

The game of soccer is obviously played with your feet. It seems like a simple game but that's all depending on who you play. There are two goals and two goalkeepers. The two goalkeepers' job is to keep the ball out of their goal. But if the ball is kicked in the goal past the goalkeeper, the other team gets a point. So the goalie, or goalkeeper is one of the most important players in the game of soccer. Oh and if you wanted to know the name of the New England soccer team, the name is the Revolution, and for short they are called the Revs.

Who is your hero?

My hero is Spiderman because he saves the Earth and he shoots webs from his arm.

By: Frankie Pezzano, Grade 2

My hero is God because he loves me and you and he gave life to you and me. He made the Earth.

By: Alix Pierre-Toussaint, Grade 3

I had to write about who my hero is, so I am. My hero is the police because they keep the town safe and us safe. They keep us safe by catching villains and keeping them out of our house.

By: Mike Rothwell, Grade 4

What would you do with one million dollars?

(That's \$1,000,000,000.00!)

If I won a million dollars I would buy a mansion and a dog and a cat shelter. A mansion because my house is small and I want one and a dog and cat shelter because I like them. I would also use it on my family because I like my family and I would get my family anything they wanted if I won a million dollar.

By: Declan Brown, Grade 4

If I won one million dollars, I will buy a mansion and be a football player because I want to be famous and I want everybody to know my name and be rich.

By: Alix Pierre-Toussaint, Grade 3

If I won a million dollars I'd use it on my family because we don't have a lot of money. I would use it for my family when they are sick or when they get old.

Awesome animal facts!

A beaver can chop down a tree that is up to 16 feet high and 20 feet wide! A male beaver can weigh up to 77 pounds. Beavers stay in their homes in the Winter and live in the north.

By: Frank Harris-Walker, Grade 5

The great Canadian beaver is resourceful and talented. They build long canals to get food. They also build houses that are called lodges. Beavers have massive skulls which help chop trees down. The average lodge is 6 to 9 feet tall. Also wolves cannot get into the lodge.

By: Kalu Kalu, Grade 5

Otters are predators of beavers, birds, and frogs. They can hold their breath for 2 minutes. They have been used to catch fish for humans and they are good at sneak attacks.

By: Anthony Brown, Grade 5

Brown bears have a strong sense of smell. They will eat anything, they're good climbers, they can run as fast as a horse and they love the water. Brown bears never attack humans without a reason. They are also near sighted and they can withstand bee stings. Brown bear cubs can't see when they are born, they are playful, like to explore and the mothers are super protective.

By: Jenessa Rodriguez, Grade 5

Black bears don't have to be black. They can be brown too. If you think bears only eat leaves, they don't. Bears also eat other animals like fish. Black bears fear grizzly bears. Black bears can climb trees and have a good sense of hearing and smell.

Learning About Each Other:

Meet Jenessa Rodriguez, Grade 5

Hello, my name is Jenessa Rodriguez and this article is about me. I am 10 years old, I am in grade 5 and I love to do gymnastics and I am in level 5. I have two brothers and no sisters. My favorite color is blue. I just love math and Spanish. I'm a great friend and I will do anything to keep my friendship between my friends.

Meet Nyaja Porter, Grade 2

Hi my name is Nyaja and I go to the Hathaway School! I have two brothers and one sister and I also have some god-sisters. I have four god-sisters and one god-mother. I'm very smart and so nice!

R.I.P. tadpole from Laura McDonald's class. Science class will never be the same. We will miss you.

Fashion

Jordans

By: Daniely Heredia, Grade 3

My favorite kind of shoes are Jordan sneakers. The thing I like about Jordans is that they are hot and they have them in a lot of different colors. Some of these colors are red, black, blue, white and gray. I also like the design they have on the side.

Problem: *I'm always getting bullied at school, what should I do?*

If you get bullied at school, you should tell an adult no matter what. Bullies are just jealous because you probably do better than they do, so don't be scared.

By: Anonymous

If someone was getting bullied, I would say tell someone so that they can stop it. If the bully won't stop, ignore him or her so. If that doesn't work, say stop so he or she will stop, if they don't stop, tell the teacher and they will stop the problem and then tell your mother (if you were bullied) so that she can have a talk with the principal so that the bully won't bother you.

By: Anonymous

Problem: *I'm not doing very well in school. I think it's because I get distracted too easily. How can I do better?*

I would say for them to ask their teacher if they can move their desk. They can ask if they can sit alone, or ask the people who are distracting them to move.

By: Anonymous

If someone was doing bad in school, I would tell them to do better in school and listen to their teacher and get good grades.

By: Anonymous

Well, think about it, what distracts you. Is it food, a school subject, or a crush? School is a hard life for kids. Think of something school related that will keep you focused. If you do that, you will do cool in school.

Finish the Story!

Story Starter: *I woke up feeling refreshed and ready to start the day. But when I looked around my room, I realized things were not what they seemed!*

I was waking up and I saw a monster. He looked angry. Then he took me to a castle. Then we went inside and found the secret treasure and I went back home. Then I woke up. Maybe it was just a dream.

By: Mark Faiia, Grade 3

When I woke up it felt like I was in Heaven. It felt like a happy place but suddenly it was a dream, but the dream felt good... too bad it was not real.

By: Janet Kalu, Grade 4

Dinosaurs were everywhere and everyone but me was a caveman! I couldn't go to school and nobody could understand me. Minuets later I realized it was all just a dream.

By: Declan Brown, Grade 4
