## ST. PATRICK'S DAY

The history of St. Patrick's Day starts with a guy named Patrick. Patrick was born in Britain in the year 387. When he was 16 years old, he was captured and taken to Ireland where he spent his teenage years. After a while he started to consider himself Irish. He is most famous for driving the snakes away from Ireland. People say that there were two different ways that he got the snakes to leave, that he tricked them or that he shoved them into a box.

## If you could go anywhere in the world, where would it be?

If I could go anywhere in the world it would be Washington D.C. because I want to see all of the memorials. The Lincoln memorial because I always wanted to see the real memorial instead of pictures. The White House because that is where the President lives, and the Smithsonian because I like going to museums. That is the place where I would go in the world and the places I would want to see there.

## ? ? ? ? ? Advice ? ? ? ? ?

*DeShawn is captain of the kickball team and needs to choose players. He wants to pick the best players, but knows that kids who don't play as well will be upset. He doesn't want to hurt anyone's feelings, but he wants to have a strong team.*

*What should DeShawn do and why?*

DeShawn could have half the strong guys and the other team could have the other half. That way it would be fair. He could have a quarter of the weak and the strong kids. Now everybody would be happy.

## Finish the Story!

**Story Starter:** *“Hidden back behind a thicket of old shrubs, I discovered what appeared to be a hole on the side of the hill! Could this be a secret entrance to a cave? I knew I had to...”*

... go in there. But when I took a step inside, it felt fuzzy and soft. When I looked inside there was a group of puffles! White, black, yellow, green, red, blue, pink and purple! Two of each color. One said hello back. They took me in and I played with them all day long.

*-Isabelle Augustine, Grade 3*

... tell my Mom! My Mom found that there was a monster in the hole. She kicked and pushed it and then it ran away.

*-Alyssa Beitz, Grade 2*

... check it out. Maybe there was a treasure box or lots of money like dollars or coins or even dinosaurs, or maybe diamonds or rubies, or maybe even a rocket.

*-Nyaja Porter, Grade 2*

## The Leprechaun!

One day there was a leprechaun at the end of the rainbow and he was three feet tall and he had on all green and tap shoes. He also had a pot of gold. He said to me that if I wanted the pot of gold, I had to run around the rain three times and say “I love school!” But when I started to do it, the leprechaun ran away with the gold and I never saw the leprechaun again.
